COLONIAL LIABILITIES

I am in no position to vouch
for the statement heard over the
radio the other day, but as the
man speaking is an eminent
scholar, I take it for granted
that he knew what he was talk-
ing about.

The assertion was to the ef-
fect that no nation of modern
times has made a success of
colonization, and the annexation
of territory through the arbitrament
of arms and other methods
had only succeeded in acquiring
liabilities instead of assets. To
prove his contention he cited a
large number of instances, but
being a trifle rusty on my his-
tory I was forced to go on the
assumption that he was correct.

Of course we all know that
England is not extremely happy
in her possession of Egypt, In-
dia, parts of Africa and other ter-
ritory, which have been a drain
instead of a source of income to
the royal exchequer.

PROMISED LAND

In view of the invasion of Af-
rica by Italy, it is timely to take
a slant at that country and see
if it offers the promised land for
the surplus population of Italy,
as fondly hoped by Mussolini?
Statistics show that despite its
fertility and richness in re-
sources European nations have
not made a success of coloniza-
tion there. The European popu-
lation of the colonial sections is
just under three persons per
square mile. It is estimated that
there are 5,000,000 Europeans in
the 10,000,000 square miles which
means that during the whole of
its history it has acquired a
population no greater than the
increase in the population of Italy
in the past 10 years.

What is more, also, signifi-
cant is that more than 2,000,000

Gambling Equipment The Same As Ordered Destroyed, D. A. Says

MARTINEZ, Oct. 24.—Gambling equipment that was seized at the
San Pablo Rancho and the El Cerrito Athletic Club in 1934, and was
ordered destroyed, by court order, is a part of the equipment seized
in the raid on the rancho on the 17th of this month, is the informa-
tion given out late this afternoon by District Attorney Francis Healy
and his investigator, Melvin P. Wyatt.

Damage In L. A. Fire At \$5,000,000

LOS ANGELES, Oct. 24. UP.—A
hundred scattered hands of fire
fighters, working over blackened
ridges where once sprawled the
fashionable Malibu colony of film
stars, tonight had brought the most
devastating brush fire in Los An-
geles history under control.

Flames in widely separated places
over an area 75 miles long, destroyed
more than \$5,000,000 worth of
property, left scores of homes, in-
cluding showplaces of Hollywood's
actor colony in smoking ruins and
sent 300 persons, chiefly fire fight-
ers to hospitals.

Shift in wind tonight gave fire
fighters the momentary advantage
they needed to stamp out the blaze
in Malibu canyon, which raged two
days.

Twenty-five thousand acres of
brush land and residential suburbs
lay in charred waste, a rim of black
desolation that circled the metro-
politan area of Los Angeles from
San Juan Capistrano, 60 miles in-
land, to the city in Malibu beach 20
miles north.

Navy Night Is Enjoyed Here By Legion Post

Nomination for the post of ad-
jutant was held last evening when
the American Legion Post held its
meeting in the Memorial hall.

R. E. Tillman and Harold Hall
were nominated for the post. Elec-
tion will be held at the next meet-
ing. The newly elected adjutant
will fill the vacancy created by the
resignation of C. W. W. St. John.

Navy Night was held by the group
last evening with Mayor W. W.
Scott and Councilmen John Bell,
George Imbach and A. H. Hinkley
in attendance. City Engineer E. A.
Huffman was chairman of the af-
fair.

Talks were heard from Mayor
Scott, the councilmen and Lieuten-
ant Louis Geritz of the Naval Re-
serve.

Bobby Burns told the Legion of
the history of wrestling and demon-
strated wrestling holds. Later a
program of wrestling matches was
presented.

The evening was concluded with
a navy bean feed.

Burglary Attempt Charge Is Lodged

MARTINEZ, Oct. 24.—John Cal-
houn, 24, of Denver hotel, Rich-
mond, was brought to the county
jail here today under \$500 bond
following his arrest by Constable
M. G. Moltoza of San Pablo on a
charge of attempted burglary. The
complaint was made by John Petric
according to sheriff's office rec-
ords.

WILL PROBATE ASKED

MARTINEZ, Oct. 24.—E. M. Dow-
ner today filed a petition for pro-
bate of the will of E. P. Bryant,
who died October 17, 1935, in Rich-
mond leaving an estate valued at
less than \$10,000. In his will, dated
September 7, 1934, Bryant named
Downer as executor. Attorney T.
M. Carlson of Richmond represents
the petitioner.

GRAND JURY PROBE

With the assistance of this state-
ment, the district attorney added
the cryptic remark, "There is some-
thing strange about this and the
grand jury is probably going to be
interested."

MARKINGS IDENTIFIED

The county officials made the
statement that on the 17th of this
month a raid was made on the Ran-
cho San Pablo at El Cerrito. Among
the equipment seized was a roulette
wheel, manufactured by Noll &
Co. Among other material seized
were seven slot machines, and
among them was one bearing the
number 324206, series 531. On the
back of the rim in which the rou-
lette wheel spins, written in
chalk are the words "San Pablo
Rancho, 3-15-34."

According to Melvin Wyatt, the
investigator of the district at-
torney, Deputy Sheriff Ralph Harri-
son identified this chalk writing as
an inscription he placed on the
roulette wheel rim when he seized it
on the above mentioned date.

Mass Meeting Of Townsend Clubs To Be Held Soon

A Townsend "Simultaneous Mass
Meeting" will be held at the Oak-
land civic auditorium, 12:30 P. M.,
Sunday as a climax to the Town-
send national convention at Chicago.
Rev. Ben F. Wilson will be the
principal speaker. Mayor William
J. McCracken will deliver the ad-
dress of welcome; George H. Evans,
formerly with Kolb and Dill will
give a vocal solo; Grace LePage,
formerly NBC radio lyric soprano
will sing; and under her direction
the Fruitvale Truth Center Chord
will render a number of selections.

Governor Frank Merriam, or his
official representative will speak
over KSPQ, which will be heard
at the mass meeting.

Fred G. Cox, "Voice of the Air"
will act as master of ceremonies.
Louis E. Reffels, chairman, ex-
tends a cordial invitation to the
public to enjoy an unusual patri-
otic, musical and educational pro-
gram.

These simultaneous mass meet-
ings will be held at the same hour
throughout the nation, and it is estimated
this will be the greatest demonstra-
tion of its kind. At the same hour
the national convention will bring
together more than 50,000 delegates
and members of the Townsend
movement.

Girl Demands Heavy Damages

MARTINEZ, Oct. 24.—Judgment of
\$7,500 was asked today by Helen
Edison in an automobile collision
injury suit filed through her guar-
dian, Evelyn Edison, against Dewey
Carlson and others.

Miss Edison asserts that on Oc-
tober 1, 1935 she was riding as a
passenger in an automobile driven
by Russ Roberts when a collision
occurred with a machine driven
by young Carlson.

She charges she suffered a frac-
tured nose and shoulder injury. The
collision happened on the highway
between Pittsburg and Martinez.

Attorney Jess Nichols of Oakland
and T. M. Carlson and Robert Col-
lins of Richmond represent the
plaintiff.

AT FIRST glance it would
appear that Cecilia Parker,
young screen star, was go-
ing in for snow sledding.
But no, it's "sand sliding"

ern California beaches. Run-
ners makes it possible to
slide through the sands as
if on snow.

History Of Famed Ranch Told To Club

Members of the Richmond 29-39
Club last evening heard Attorney
Clare D. Horner discuss the his-
tory of the famous San Pablo
Rancho.

Horner was introduced by George
Johnston, president of the club, fol-
lowing a short business meeting of
the organization. Plans were made
for the dance to be held at Berke-
ley Country Club on November 2.
Intensely interesting and in-
structive from an historical point
view was the talk by Attorney
Horner on the history of San
Pablo Rancho.

The application for the rancho
was made by Don Francisco de
la Bodega to the territorial depu-
ty, setting forth therein that he
the owner of large herds of horses
and horses he finds he needs to
serve the cattle which he has
possession and in order to provide
for the maintenance of his
family, to solicit of you the
piece or tract of land be given to him.

MUSSOLINI WILL MOVE TO END WAR

PARIS, Oct. 24. UP.—Premier
Pierre Laval, doggedly seeking a
formula to end the war in East
Africa and remove the threat of
conflict in Europe, conferred
lengthily today with British Am-
bassador Sir George Clerk.

The Paris and Rome Foreign
offices emphatically denied re-
ports in the French press that
Laval had transmitted from Pre-
mier Benito Mussolini to the
British envoy a three-point plan
for settling the Italy-Ethiopian
issue. The Italian spokesman de-
scribed the report as "premature,"
which was interpreted by diplo-
mats as indicating that Laval
will submit such terms to La-
val.

The Paris Soir described the
Duce's purported offer as con-
taining these three points:

CONCESSIONS SEEN

1. Establishment of a "conces-
sion" regime on the part of Ethio-
pia.
2. Reduction of Italian forces in
Africa to a police force.
3. "Disarmament" on the part
of Ethiopia where Emperor Haile
Selassie shall remain sovereign.

This supposed formula report-
edly is based on the League of Na-
tions' matter of treaty report but sub-
stantiated concessions for a man-
date. Presumably, Haile Selassie
would be expected to concede Ital-
ian interests prior right to ex-
ploit the undeveloped resources
of his kingdom.

REDUCE TROOPS

Reduction of Italian troops in
Africa to a police force would
be intended to allow French and
British forces to Italy might de-
cide to "eat the whole pudding
at some future time."

Potato Growers Must Apply For Federal Permits

MARTINEZ, Oct. 24.—UP.—Instruc-
tions have been received by Farm
Advisor Ray Gobel to start im-
mediately to accept applications for
sales allotment on potatoes which
are to be sold during 1936 under
the terms of the potato act of 1935,
passed by the last Congress.

The act is compulsory and re-
quires an allotment for 1936 must
file an application proving his 1935
production. Evidence necessary
to prove this production con-
clude sales receipts, seed pur-
chases, packing and storage re-
ceipts, and digging labor records.

Applications for the farm advisor's
office, room 229 hall of records,
and can be had by personal visit
or mail.

In commenting on the situation
Farm Advisor Ray Gobel stated that
this office had as yet received but
little information regarding the
plan, but because of the large
amount of early planting done in
California, it was felt desirable to
get the allotments established as
soon as possible. He further em-
phasizes that the extension service
is not inaugurating the potato or-
gan in this state, but merely com-
plying with definite instructions
from Washington.

Awarded to Aunt

FREDDIE BARTHOLOMEW, child actor, was awarded to
the custody of his aunt by a Los Angeles judge. The boy's
parents, who reside in London, England, opposed the guard-
ianship and filed an affidavit charging the boy had been
removed to this country by "trickery and deceit."

Gus Schultz, Five Autos Are 2 Henchmen Are Taken

NEWARK, N. J., Oct. 24. UP.—
Gus Schultz, New York's czar of
the racket, alternately ruling at
his heels or calling upon henchmen
for help, died in city hospital at
8:30, tonight from a bullet wound.
Police detained his pretty young
wife of a material witness in the
investigation of last night's gang-
land execution in which Schultz
and two henchmen were killed.

Early last evening a car driven
by Schultz, of Berkeley and V.
P. DeCarrazini 421 Nineteenth St.,
collided on Standard avenue and
then crashed into a parked car
owned by Peter Rajko, 221 Stand-
ard avenue.

All cars were slightly damaged.

Weimar Given Federal Funds

Official word has been received
by Mrs. Richard Codman of Fair
Oaks, Sacramento county, state
chairman of Indian Citizenship,
laughers from John Collier of Wash-
ington, D. C., commissioner of In-
dian affairs, that \$50,000 of public
works funds has been allotted to
Weimar Joint Sanatorium in Placer
county and another \$50,000 to Wil-
liam Sanatorium in Fresno county
for the erection of a 50-bed pavilion
at each place for the care of Cal-
ifornia Indians afflicted with tuber-
culosis.

Weimar hospital is maintained
by Contra Costa and eleven other
northern California counties.
According to Mrs. Codman, tuber-
culosis is one of the most serious
health problems among the Indians
everywhere. In California the fed-
eral government has no sanatorium
facilities to care for its tuber-
culosis wards, and while Indians are
admitted to some county sanato-
ria in this state, the institutions
are overcrowded and very few In-
dians receive treatment.

Construction of the addition,
planned on the south wing of the
hospital, spanning the road leading
around the institution, would al-
leviate to some extent congested
at the institution.

The institution today has 210
patients, having its facilities to the
 utmost. In the last three days 30
patients have been admitted.
Rich and Supervisor H. L. Cum-
mings viewed the premises yester-
day. Rich is architect for the new
Alameda county court house.

CONFESSION IN SLAYINGS IS EXPECTED

SEATTLE, Oct. 24.—UP.—Leo
Hall, 30, former Seattle dry dock
worker, was accused of the Brem-
erton mass murders tonight in a
statement by Betty Pauls to Sher-
iff William D. Severns and Prosecu-
tor Warren G. Magnuson, of King
county.

The pretty girl, in her early 20's,
told the officers late tonight the en-
tire story of the crime. Magnuson
said and declared Hall, under ar-
rest here, murdered the six.

SEATTLE, Oct. 24.—UP.—Three
men and a woman were held in
the county jail tonight for ques-
tioning in connection with the
Bremerton "mass murder," in
which six persons were slain in
March, 1934. Sheriff W. D. Se-
verns of King County announced.

New Zero Hour Is Set By U. S. Relief Officers

WASHINGTON, Oct. 24.—UP.—
The New Deal tonight set Decem-
ber 1 as the "zero hour" for the
end of Federal debt to States as
President Roosevelt returned to
the White House to take person-
al command of his vast recovery
program.

WPA Administrator Harry L.
Hopkins, who accompanied the
President on his vacation, in fore-
casting the end of government aid
to States, said direct relief rolls
declined 237,534 families from
August to September while ex-
penditures slumped \$27,000,000.

In addition, he said, Controller
General John R. McCarl has
released nearly \$1,000,000,000 for
90,000 employment projects thru-
out the nation in the last week.
About \$400,000,000 of this amount
was approved in the last two
days.

Democrats Ask Roll-Purging

MARTINEZ, Oct. 24.—A campaign
to have only Contra Costa county
people placed in Contra Costa jobs
under government and relief work
programs, was initiated last night
at a special Democratic meeting in
the Hall of Records, called by Robert
W. Willis, chairman of the county
Democratic central committee.

Willis said in the future the
Democrats will insist that county
people handle Contra Costa jobs
in all government work, such as
SERA, WPA and other programs.
He claimed that at the present time
many persons from outside the
county handle executive positions.

The Democrats appointed a com-
mittee which will make a survey
of the various work programs, list
the outside county workers and
register protests with heads of the
work programs.

On the committee are Harry Butt,
Miss Emma Pearman, M. M. Dow-
ling, John Gifford and Michael Oth-
caby.

Isolation Ward Is Planned For County Hospital

MARTINEZ, Oct. 24.—The board
of supervisors today authorized Ar-
chitect William Rich of Oakland
to prepare plans and specifications
for a proposed isolation ward ad-
dition to the county hospital. It
is intended the unit shall contain 15
beds.

Decision upon construction will
rest, it is said, upon estimates of
cost. An effort may be made to
secure WPA funds.

Construction of the addition,
planned on the south wing of the
hospital, spanning the road leading
around the institution, would al-
leviate to some extent congested
at the institution.

The institution today has 210
patients, having its facilities to the
 utmost. In the last three days 30
patients have been admitted.

The next meeting will be a social to be held at the home of Virginia Burke and each girl may bring a friend.

There have really not been many Valkyrs on this dull old planet since the days when they rode into battle for the old god Wodin and brought home the souls of the slain to the halls of Valhalla, there to feast in his forever. The dictionary says the Valkyria were the "maiden of Odin, and represented as awful and beautiful." Perhaps these modern Valkyrs are just beautiful and not awful. Maybe their young men friends might think them awfully beautiful. You see things have changed since the daughters of Odin rode seeking the souls of the slain.

solved crime. Severyns said.

Others held were Jack Justice, 15, Larry Paulis and a woman whose name was not made public.

Severyns said the prisoners also were questioned concerning the murder of a special investigator up and refused to say anything

employed by Governor Julius Meier of Oregon to study Portland vice conditions. One man was shot to death the day he was taken to the Oregon State penitentiary in November, 1933. Two Oregon State police were present during the questioning.

ARRESTS MADE

The sheriff said Hall was arrested two months ago in Portland, and had been held in jail here since then. O. K. Bodie, chief criminal deputy, has worked on the case since Hall's arrest.

Faulis and Justice were arrested in Seattle yesterday, and the woman today.

Later, Sheriff Severyns said, after Hall appeared on the verge of making a confession, he shut

more. The officers then turned to questioning the woman, said to be young and good looking. It was understood Hall was arrested in Portland for investigation in the Alton murder case, and that the Berkeley angle developed later. His statements, apparently, resulted in arrest of the other three.

SIX WERE KILLED

Victims of the "mass murders" were Mr. and Mrs. Frank Ellder of the section, Mr. and Mrs. Eugene Chiswick, vandeville actors, Fred Slade m. Bremerton bar tender and Magnus Jordan, retired U. S. navy man.

They were shot and beaten to death in the trim, white Ellder beach cottage on Island Point, near Bremerton, the night of March 28, 1934, as climax to a

house party. Three days later a neighbor, attracted by crying of dogs imprisoned in a car in front of the house, peeked through a window and saw the bodies.

The murderers were members of the party, officers believed. Ellder, 45, a wealthy retired Bremerton business man, was accustomed to inviting to his frequent parties casual and drinking acquaintances.

Police found a hammer, black jack, butcher knife and carving knife, some of the death weapons, but no firearms.

The Richmond Union high school junior football team yesterday lost a 7-0 decision to the Berkeley reserves at Berkeley.

The college city team scored its touchdown in the second quarter when Christenson's kick was blocked on the ten-yard line. Gurrola scored and converted.

Richmond played conservative football from start to finish and only near the end of the fourth quarter did the locals threaten to score.

The lineup for Richmond included Lewis and Tomlinson, ends; Smith and Race, tackles; Zurr and Millovich, guards; Cortese, center; Capps, quarter; Christenson, full; Cecchi and Connell, halves.

GILBERT HARRISON, editor of The Daily Bruin, student newspaper at the University of California at Los Angeles, who deplored "over emphasis on football gate receipts" in an editorial, under a heading, "Athletic Fascism," Harrison pointed to St. Mary's College as an object lesson, but it was equally applicable to his own school.

Anything But Love

By JANET DORAN

BETWEEN loveless luxury and penniless love many girls have had to choose. But Alma Whittaker's dilemma was not so simple as that. She had to decide between one man who offered her both wealth and love and another who offered neither. For her even to hesitate, you may say, was foolhardy. MUSSOLINI WILL MOVE TO END WAR

(Continued from page 1)
Disarmament of the Nazis would allow him to retain a standing army but remove the present threat whereunder every armed male in Ethiopia is a potential soldier.

Reports differed as to the progress of Premier Laval's initial scheme to ease tension between Great Britain and Italy. Laval's announcement to the Chamber of Deputies foreign affairs committee yesterday that Italy was removing a division of troops from Libya was confirmed officially in London this morning and in Rome tonight.

WELCOME MOVE
The British Foreign Office "welcomed" the Italian initiative but asserted it was not part of any bargain involving withdrawal of British warships from the Mediterranean.

London reports say Britain will retain its present Mediterranean fleet strength about 150 warships until two conditions are met:

1. Italy, even after removal of one division to nearby Tripoli, still will have four times as many soldiers in Libya as Britain has in the adjoining territory of Egypt. Mussolini must paralyze his Libyan forces and the other.

2. The Italian press must alter its anti-British tone. Italian belligerency against England is the officially announced reason for Britain's massing of naval power between Gibraltar and the Red Sea.

One of Oregon's Great Bridges

THIS MASSIVE structure, stretching across the Siuslaw River toward Florence, O. e., is expected to be completed February, 1936, at a cost of \$491,646. This bridge is one of a series of five along the Oregon coast highway that will soon be opened to traffic.

Gambling Equipment The Same As Ordered Destroyed, D. A. Says

(Continued from page 1)
Kimmon, justice of the peace at El Cerrito, signed an order directing R. R. Veale, as sheriff, to destroy the said gambling equipment, including a slot machine, and including a roulette wheel that is manufactured by Noll & Co.

On December 31, 1934, a certificate was filed, purportedly bearing the name of the sheriff by his deputy, J. M. Joseph, certifying to the destruction of the equipment, as directed by the order of court.

The only thing that ties this up as the same wheel is the "Noll & Co." name on the back of the apparatus, and Harrison's identification of the writing as his.

It is asserted that on January 5, 1934, the slot machine was seized at the El Cerrito Athletic Club and 12 months later, on December 6, 1934, an order was signed by Justice of the Peace A. B. Wilson at Martinez, directing the destruction of a slot machine bearing the number 32496.

NOT AVAILABLE
No contact could be secured with District Attorney Hedley last evening, as the telephone at his home is secret, and is not listed in the public telephone book.

LEFT IN BASEMENT
Ralph Harrison was contacted over the telephone at Martinez, and said the roulette wheel and slot

were shown him yesterday, and he identified the writing on the back of it as his. He further stated that when he left the office of the district attorney in May, 1934, that the seized property was all in the basement of the hall of records. On session, and the other was held by the district attorney.

What eventually became of the goods, he was unable to state, but he did say that the day before the new administration in the sheriff's office, he saw a slot machine in the back of a truckload of the seized goods in the basement was hauled away.

Where they were taken he did not know.

BOUGHT FROM WHOLESALERS
Over the long distance telephone, W. M. Pechart, the operator of the rancho, said the information given out by the district attorney was all news to him. "Every bit of equipment that I have had, has been purchased from wholesalers, paid for in cash, and has never come from any other source," said Pechart.

STATEMENT FOLLOWS PLEA
The statement by the district attorney claiming that the rancho equipment seized had been identified as the same as taken in another raid, was issued here shortly after Pechart and his associates had appeared before Justice of the Peace Mackinnon at El Cerrito, entered pleas of not guilty to gambling charges and demanded a jury trial.

of the 3,500,000 are dominated by the British Union of South Africa, including Southwest Africa, and another 1,200,000 along the Mediterranean littoral in Tunis, Algeria and Morocco, held by France. The remaining 300,000 are distributed over an area of 5,000,000 square miles or one European in every 30 square miles.

RACE FOR TERRITORY
It was in the 1880's that European nations first began to cast covetous eyes at the dark continent. Britain got a head start in the scramble for territory, but France was a close second and Germany not very far behind.

THE RESULTS
What these countries have done with the territory acquired is shown by statistics. Germany, for instance, obtained German East Africa, German Southwest Africa, Cameroon and Togoland, comprising nearly 3,000,000 square miles. Yet after over a half of a century Germany's great African empire boasts of less than 50,000 Germans.

Italy's case is more illuminating. The northern part of Ethiopia includes considerable area which is similar to the Ethiopian highlands. It might be supposed that if Italy were going to colonize these highlands, the nation would in the course of the past 50 years, have begun with a rehearsal in the African highlands.

Statistics show, however, that on April 21, 1931, there were in Ethiopia 1,560 Europeans, including 4,188 Italians. No fewer than 3,057 were residents of the capital, Addis Ababa. The number of Italians located in about 2,000 square miles of the highlands, most suitable for colonization, was about 400.

OUTLOOK DISMAL
To take a purely hypothetical case, suppose Italy colonized the habitable portion of Ethiopia—say about 200,000 square miles—at once half the density of the Transvaal and Natal, which, with a European population of about six to the square mile, is by far the most densely colonized region of the African continent.

This would give Italy 600,000 colonists, which is the equivalent to about one and one-half year's increase of Italian population. The figures are generous, yet it would appear that they would not help much toward relieving Italy of "teeming millions."

Detention of Mrs. Schultz coincided with a drive to rid Newark of racketeers ordered by Michael P. Duffy, director of public safety. He sent the order from Hot Springs, Ark., where he is resting.

Deputy Police Chief John Haller announced detention of Mrs. Schultz as a material witness after she had been questioned for some time at headquarters. Haller said police were not satisfied with stories she told regarding her own moments last night and of Schultz' movements before the shooting. She was locked up in a cell for the night.

The abatement suit was filed against Salvatore Scialise, Lorraine Wilson, Marie Bennett, Kay Felton, May Walker, Mrs. Mary Duna and J. (Totdy) Dutra.

Testimony was presented yesterday and no appearances were made by the defense. The court ruled that furniture and other equipment in the building should be sold and fixed costs of the proceeding at \$28.75. Institution of the suit resulted from several raids on the premises by county officers.

On the same day the petition was granted at Monterey, then the capital.

Four years later or on July 27, 1827, Castro's again offered another petition asking confirmation of his title and alleging that in the meantime he had "built upon the land a house having stone foundation, measuring 49 varas, two other wooden houses, planted a garden with many fruit trees therein and a vineyard with upwards of 1,000 stalks of vines, built a mill and sowed 30 fanegas of wheat and a fanega of corn and beans each; that he has 600 head of cattle and 500 horses etc."

The speaker then proceeded to trace the history of the great down through the years, the litigation connected with it involving five appeals, and the final report in partition in October, 1893. This report contained 509 pages and allotments were made to 181 persons. Over 200 attorneys engaged in the litigation during the progress of the case.
